

We're proud to announce the 22nd annual Curtiss Classic Golf Tournament to benefit the Glenn H. Curtiss Museum.

The Curtiss Classic Golf Tournament began in 1997 and annually has been the single most important fundraiser for the museum.

The Museum Board, Staff, Golf Committee and Volunteers all appreciate your participation and support for this event.

As we reach an increasingly larger audience each year, **YOUR** support makes our work possible. Your contributions go directly to supporting our mission and goals, and for that we **THANK YOU!**

The Glenn H. Curtiss Museum collects, preserves and interprets early aviation, transportation and local history. This unique museum celebrates the genius of Glenn Hammond Curtiss, and enhances understanding of the impact that the development of aviation has had on Hammondsport, on the state, on the nation, and on the world.

Each year the Curtiss Museum greets more than 30,000 visitors. In a typical year, nearly 2,000 school children participate in targeted tours and special programs at the museum. Many visitors come as a part of a special group, including senior citizens, handicapped, Scouts, Elderhostel, home schooled children, airplane, motorcycle clubs and tourism clubs. The museum is the grateful recipient of 13,500 hours of yearly volunteer service. More than 2,000 of these volunteer hours are in cooperation with the RSVP program of Steuben County.

Traveling museum displays are set up at local airports, museums and community centers. Lectures and programs are presented to area clubs and organizations. The museum's restoration shop, staffed by volunteers, has completed reproductions and restorations of many historic airplanes and also provides expert help with special museum projects.

In addition to its educational outreach, the Curtiss Museum provides meeting space for local charitable groups and space for receptions, presentations, banquets and other social events.

The Curtiss Museum is committed to educating the public about the many accomplishments of Glenn H. Curtiss and to maintaining an excellent museum facility to better serve the greater community.
